## Concert in the Park August 17

### Save the date!

This year's band will be the **Rockin' Pharoahs**, a 1950s Rock and Roll band. If you like the music of Jerry Lee Lewis, you'll love them. If you don't know who that is, don't worry, you'll still love them! Great music to dance to.

Keyboardist Ray Everidge, and his wife, Tia, live right here in Lakehurst.

The fun will start at 5:15 with opening act **DJ Dave Connelly**. Ice cream bars and sodas and water will be for sale. And don't make dinner because **Uncle Dave's BBQ** food truck will be parked on Surrey. He makes delicious brisket, ribs, pulled pork and hamburgers. His children's menu has hamburgers or chicken strips, and includes a drink and side for only \$6.00.

At 6:30 it's the main event and the Pharoahs will start playing.

There will also be a drawing for prizes, and tickets are only \$1.00! We will need volunteers, so please call 720-945-9126 if you can join in the fun!

The concert is at Lakehurst Park, 4533 S. Miller Ct. Walk if you can, otherwise park along Surrey Dr. Don't forget to bring chairs or a blanket! Well-behaved dogs on leashes are welcome.

Ray and Tia Everidge

DJ Dave Connelly

# Clean Up Day

**Saturday, June 29**

Did you notice how much nicer it looked at both the Kipling and Simms/Marlowe entrances after our volunteers spent a morning cleaning up those areas? They also cleaned up the area around Harriman Ditch where it crosses Lakehurst Way.

We have hired someone to spray the weeds in some of the public areas. If you want to help us to get more done in these areas, join now! Your \$35 membership fee will help support neighborhood clean up.

Thank you to all of you who are doing such marvelous jobs on your behind-the-fence areas along Marlowe Ave! It really makes a difference how the neighborhood looks as you drive down Marlowe.

If you are elderly or disabled and need help maintaining your public easement areas, please contact us at 720-945-9126. We would love to help!

## Ask a Master Gardener

Call 303-271-6632 or email [mastergardener@jeffco.us](mailto:mastergardener@jeffco.us) for expert advice from the Jefferson County CSU Extension office.

## Watch out for Japanese Beetles!

These critters are in our neighborhood now. They have red, iridescent wings, and are about 1/2 inch long. They love to eat roses, Virginia creeper, linden trees, raspberry bushes, and other plants. The females lay eggs in turf grass where they emerge as grubs and live on the roots of the grass. Control methods include traps, hand-picking, and insecticides. You can use pyrethrins, acetamiprid, or azadirachtin when pollinators aren't visiting the plants (dawn and dusk) to kill the beetles. BeetleGONE! is a microbe and won't hurt bees. There are also

products which can be applied to lawns to kill the grubs. (imidacloprid, GrubEx, etc.) For more information go to <https://extension.colostate.edu/topic-areas/insects/japanese-beetle-5-601/>

## Owls at Harriman Lake

Did you know there were baby Great Horned owls at Harriman Lake? Many of our neighbors were watching them in their nest and then one day their mother got caught on some fishing line strung between two trees. Someone called Colorado Parks and Wildlife officials for help, and they responded, along with West Metro Fire. The rescuers used a fire truck to reach her and cut her free. How many owls do you see in the picture? Thanks to Mike Ames for taking the photo.

### Halloween Decorating Contest

In October there will be a contest for the best Halloween house. First prize will be a \$100 gift certificate to a local restaurant. Join the HOA now to be eligible!
